THE PARTY ZONE wants your child's event to be spectacular. One that you and your guests will talking about for years. We accomplish this by interacting with your kids and dancing with them by teaching and leading what we call "follow-along dances". We provide an incredible selection of Intelligent lighting that includes lasers and computer automated moving beams of light guaranteed to get them on that dance floor and keep them dancing the whole party. We also involve the kids in a huge array of different games and activities that the kids can pick from. Games like Basketball toss, Football throw and Scavenger Hunt just to name a few. Involving all your guests is very important to a successful party. We make sure that the adults at your party

are dancing and having as much fun as the kids are. It's important that all different age groups dance together and interact with one another.

It's all about customizing your child's Bar or Bat-Mitzvah to their unique personality. Here at THE PARTY ZONE we realize that no two events are the same. That's why we spend an enormous amount of time learning about your son or daughter to really understand who they are as a person and what they want out of their party. In the end what you get is a personalized event that your child can connect with, so that he or she has the best party ever.
